HAND EMBOSsing SEALs
AND RUBBER STAMPS

Show People You Are a Professional

Embossing seals and hand stamps are available through the NREP’s authorized suppliers, Garvey’s Office Plus. Each seal bears your professional designation (i.e. Registered Environmental Manager, etc.) in the outside circular arc. Horizontally in the middle of the seal are four lines. The first line is your first name and middle initial. The second line is your last name. The third line is the abbreviation letters of your professional registration (REM, REPA, etc.). The fourth line is your registration/certification number.

These seals may be applied to documents to show people you have been professionally credentialed as meeting the qualifications of the National Registry of Environmental Professionals.

It takes approximately four (4) weeks from receipt of order to have your personalized seal or stamp made. Payment for seals and stamps must be made in advance with your order.

Checks should be made out and mailed directly to Garvey’s Office Plus. DO NOT send cash or purchase orders.
